

Example

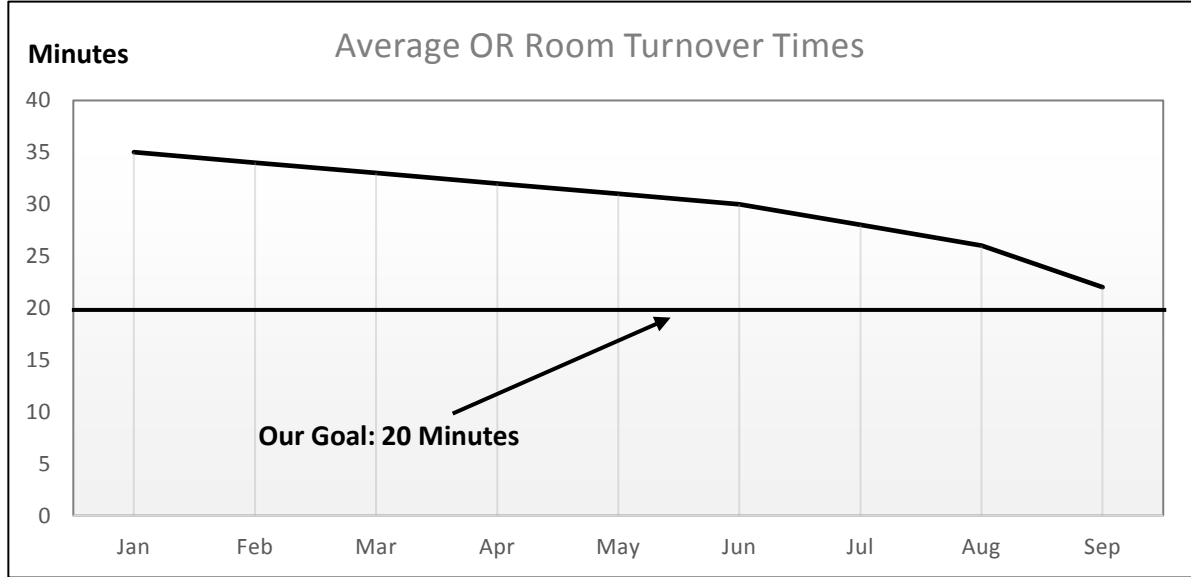

# OR Department Baptist Regional Medical Center Lean Improvement Board Example

Example

If no A3 use process  
description and data

**Average OR Room Turnover Time**  
Metric (avg. monthly room turnover time)

**Initial:** 35 minutes  
**Current:** 22 minutes  
**Goal:** 20 minutes

## Issues/Ideas to Improve this Process

- Pulling too many supplies on case carts (Lynn)
- No standardized process for cleaning the room, some teams slow, others fast (Lisa)
- Patients not ready in pre-op (Doris)

## Other Ideas for Improvement

- Develop a dept. communications board (Lisa)
- Consider using a Kanban system for supplies versus par levels (Tammy)
- Too many late first case on-time starts (James)
